Android Studio DexIndexOverflowException: method ID not in

Solução

```
android {  
    defaultConfig {  
        ...  
  
        // Enabling multidex support.  
        multiDexEnabled true  
    }  
    ...  
}  
  
dependencies {  
    compile 'com.android.support:multidex:1.0.0'  
}
```
